Application form and guidance notes

Please read the following guidance notes carefully before proceeding with the application.

Guidance Notes

What is the International Student Support Fund?

The International Student Support Fund can offer support to international students who are experiencing financial difficulties.

It is important to recognise that the Fund has been established to act as a safety net and not to fund expensive lifestyle choices, such as holidays or non-essential car costs. As a student, it is essential that you live within your means and take steps to increase your income and decrease your expenditure.

Please refer to our Money Management pages for further advice and guidance:

<https://studentmoney.southwales.ac.uk/managing-your-money/>

Who can apply?

- The International Student Support Fund can be used to help University of South Wales International students studying at a USW campus.
- Students must have adequate provision in place for living costs and fees prior to the course commencing.
- Student route visa holders are expected to have provision for £1,170 per month for living costs after the payment of fees, as advised by UKVI: <https://www.gov.uk/student-visa/money>
This will differ for students who are residing in the UK with dependents: <https://www.gov.uk/student-visa/family-members>
- Students at Partner Colleges should contact their own college regarding financial support funds.
- Only one application to the Fund may be made each academic year. However, if your financial circumstances have changed since the submission of your application form, you can speak to the Student Money Advice Team for advice.
- Any support awarded from the International Student Support Fund is not considered as 'public funds' and therefore will not impact on any future visa applications that you may make

Please note, if you are studying the first year of your course, you cannot apply to the fund during the first term.

Can I review or appeal the decision?

If you are unhappy with the decision made by the Panel, you may either appeal against the decision, please contact Student Money Advice Team to discuss this.

Who do I contact for support?

If you require support with your application, or have any queries regarding your eligibility, please contact the Student Money and Advice Team.

Email: studentsupportfund@southwales.ac.uk.

You can also make an appointment with a Money and Support Adviser who will be happy to assist you.

You can do so online <https://studentmoney.southwales.ac.uk/contact-us/>.

How is the application form completed?

Complete each section as clearly as possible.

It is important that supporting documentation is enclosed with your application form.
